AMENDED IN ASSEMBLY APRIL 12, 2005

CALIFORNIA LEGISLATURE—2005–06 REGULAR SESSION

ASSEMBLY BILL

No. 622

Introduced by Assembly Member Negrete McLeod

February 17, 2005

An act to amend Section 49431 of, and to repeal Section 49431.5 of, Sections 49430, 49430.5, and 49431 of the Education Code, relating to pupil nutrition.

LEGISLATIVE COUNSEL'S DIGEST

AB 622, as amended, Negrete McLeod. Public schools: pupil nutrition.

Existing

(1) Existing law, operative if funding is appropriated for specified nutritional purposes, prohibits the sale of certain beverages at elementary schools regardless of the time of day and restricts the sale of certain food items on those campuses during specified times. Existing law further prohibits the sale of carbonated beverages in middle schools from ½ hour before the start of the schoolday until after the end of the last lunch period. Existing law also prohibits the sale of certain beverages to pupils in elementary, middle, or junior high schools, and at specified school events.

This bill would delete these provisions and would, instead, provide that food or beverages sold or served to pupils meet other specified nutritional standards. The bill would require elementary schools to comply with these standards commencing July 1, 2007, middle schools commencing July 1, 2008, and high schools commencing January 1, 2009.

(2) Existing law requires a school district to approve, for compliance with nutritional standards contained in existing law, the

AB 622 — 2 —

sale of foods on school grounds at each elementary school and schools participating in a specified pilot program.

This bill would create a state-mandated local program by requiring school districts to take this action with regard to the sale of foods on school grounds at middle and high schools.

(3) Existing law, operative only if moneys are appropriated for this purpose on or before January 1, 2004, requires the reimbursement that a school receives for free and reduced price meals sold or served to pupils in elementary or middle schools be increased to 23¢.

This bill would provide that these provisions are operative July 1, 2007, only if moneys are appropriated for this purpose. The bill would also provide for this increase for pupils in high school. The bill would implement this increase for elementary schools as of July 1, 2007, for middle schools as of July 1, 2008, and for high schools as of July 1, 2009.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: no-yes. State-mandated local program: no-yes.

The people of the State of California do enact as follows:
